DEMOCRATS WRANGLE OVER TREATY

TIME WE STOPPED OUR POLITICS AT COAST LINE WILLIAMS SAYS

Speaker Says That He is a Bourbon Democrat But That He Does Not Mix Politics With Foreign Relations—Position is Assailed by Senator Robinson of Arkansas

(By The Associated Press)
WASHINGTON, MARCH 14.—The Robinson amendment, offered in a modified form by Senator Walsh, Democrat, Montana, again was voted down by the senate late today by virtually the same division as on the first vote. The vote rejecting the amendment as presented by Senator Walsh was 50 to 27. There were no material changes in the lineup, except a few more absentees, the same few Republicans supporting and the same four Democrats opposing the amendment.

After the Robinson amendment was voted down, Senator Walsh, Democrat, Montana offered it in a modified form. Senator Lodge declared that to make the text of the treaty really provide for taking in other nations, the document would have to be rewritten.

Senator Williams, Democrat, Mississippi, declared he saw "no reason to mutilate or defeat a treaty which provided for preserving the peace."

STATEMENTS ARE MADE ON BREAKING OF NEGOTIATIONS

Union Heads Tell Why Conference Stopped

(By The Associated Press)
CLEVELAND, O., March 14.—Warren S. Stone, president of the Brotherhood of Locomotive Engineers, W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers and W. G. Lee, president of the Brotherhood of Railway Trainmen today issued statements regarding the breaking of one of the regional conferences between the Brotherhood officials and the railroad managers in New York yesterday.

The following statement was authorized by Presidents Stone and Carter:
"Regional conferences between the managers of railroads and engineers, firemen and hostlers represented by our organizations have been adjourned because mutual satisfactory agreement could not be reached. All propositions made by either side in hope of settlement are to be considered as they had not been proposed."

President Lee's statement:
"Arbitrary proposals submitted by managers at a second conference of trainmen and conductors made agreement impossible."

"We prefer to take our chances with the labor board where we can at least have a hearing."

FORMER MAJOR PLAYER IS DEAD

MANCHESTER, Conn., March 14.—Daniel J. Hoffman, 42, former major league baseball player, died here today. He was a pitcher on the Springfield club in 1900, being sold to the Philadelphia Athletics at the end of the season. Later he played with the New York and St. Louis Americans as an outfielder. While with the latter club in 1915, he was hit on the head by a pitched ball and had not played since that time.

THE WEATHER

Illinois:—Fair Wednesday and Thursday, somewhat colder Wednesday in extreme south portion. Temperatures: The extreme maximum and minimum temperatures as recorded Tuesday were: Jacksonville, Ill. 49 54 49; Boston 54 62 52; Buffalo 42 46 36; New York 54 58 42; Jacksonville, Fla. 68 78 64; New Orleans 72 80 70; Chicago 42 50 50; Detroit 48 58 50; Omaha 58 60 46; Minneapolis 42 46 34; Helena 49 42 22; San Francisco 54 58 48; Winnipeg 34 40 28; Cincinnati 48 56 62.

READY TO MAKE FORMAL REPORT ON BONUS BILL

Fordney Plans to Submit it Today or Tomorrow

(By The Associated Press)
WASHINGTON, March 14.—A favorable report on the soldier bonus bill was ordered today by the house ways and means committee by a vote of 19 to 5. Chairman Fordney plans to submit his formal report tomorrow or Wednesday but said the time of calling the measure up in the house would not be fixed definitely until after the return of speaker Gillette, who is in Florida with President Harding.

Representative Fordney said he did not expect Speaker Gillette to bring any message on the bonus from the executive and that the subject of the conference with the speaker would be the question of calling up the bill next Monday under a suspension of the rules. Some members of the house, however, expressed belief that Mr. Gillette would be prepared to give the president's views on the compromise bill.

The vote on the measure today in the committee was taken ten minutes after Secretary Mellon, comptroller of the currency, Crissinger and Governor Harding of the federal reserve board, had been questioned for two hours in open session as to their ideas of the bank loan adjusted certificate plan. The five members voting against a favorable report were Garner, of Texas, Kitchen, of N. C., and Collier, Mississippi, Democrats and Treadway of Massachusetts and Wilson of Connecticut, Republicans.

Before the final vote the committee rejected 19 to 5, an amendment of Rep. Beach, New Jersey, to impose for a period of three years a one percent tax on wholesalers, designed to raise \$500,000,000 with which to finance the bonus.

Under an amendment suggested by Governor Harding and adopted by unanimous vote, banks making original loans on the adjusted certificate certificates could have those certificates rediscounted by other banks authorized to make original loans on the certificates.

Governor Harding objected to having the certificates rediscounted by federal reserve banks, saying the general economic effect would be unfavorable.

Will Hear Officials.
Decision to call the federal reserve board governor, Secretary Mellon and Mr. Crissinger was reached by the committee at a morning secret session. The Democrats insisted that they have opportunity to hear these officials and finally carried their point after a sharp debate.

At this same session the committee rejected an amendment by Representative Oldfield, Democrat of Arkansas, proposing to restore the original cash provision in place of the bank loan amendment and to reimpose the excess profits tax as a means of raising the required revenue. Another amendment to restore the war time maximum income surtax rate of sixty-five percent also was rejected.

Secretary Mellon and Mr. Crissinger reiterated to the committee their opposition to the adjusted certificate loan plan.

ANTHRACITE JOINT CONFERENCE TODAY

(By The Associated Press)
NEW YORK, March 14.—Anthracite miners and operators will meet in joint conference tomorrow with little prospect of reaching an agreement on a wage scale before the expiration of the present contract on March 31, which will mean a suspension of mining in the Pennsylvania hard coal fields until a satisfactory arrangement has been arrived at.

This was the opinion of operators and miners here tonight for the conference. A suspension would not mean a break in negotiations because twice before in the history of wage conferences in this industry operators and miners continued the discussion of wage contracts to a satisfactory conclusion while the colliers remained idle.

The miners' union is not expected to make any announcement regarding a suspension in advance of developments indicating that no agreement can be reached by March 31.

It has been generally agreed by both sides that the two weeks remaining before the present two year agreement expires is too short a time to work out a new contract.

BRIEFS

(By The Associated Press)
WASHINGTON, March 14.—John L. Lewis, president of the United Mine Workers of America, who is en route to New York to attend the conference there between anthracite operators and miners on a new wage scale, stopped off in Washington today and conferred with Secretary Davis.

RIVERTON, March 14.—Plans were made at noon today to dynamite the Sangamon river, in an effort to recover the body of Robert Hart, 55, of Decatur who was drowned Monday, when the raft on which he was working capsized.

CHAMPAIGN, Ill., March 14.—Rockford is pitted against Centuria in the first game for the state high school basketball championship, according to an announcement here today. The game will be played Friday evening in the University of Illinois gymnasium and will be followed by a game between Atwood and Peoria. Winners and losers will play Saturday night to determine first, second and third places.

URBANA, March 14.—A jury was obtained this afternoon to try Percy E. Wiggins, former banker at Homer, Ill., who is charged with having accepted deposits knowing that the bank was insolvent. Special counsel has been engaged to assist the state's attorney in the prosecution. The bank failed last July with liabilities of \$200,000.

JOLIET, March 14.—Mansour Bellan, 30 years old, 817 S. Winchester avenue, Chicago was shot to death here late last night because he failed to throw up his hands quickly enough when ordered by two highwaymen. The slayers escaped.

JOLIET, Ill., March 14.—Moonshine and attempted battle with police resulted in the death of James Kivanaugh, 42 years old here today, 45 minutes after he was locked up in the city jail.

BERKELEY, Calif., March 14.—Edward Johnson, 13 years old is alive today, but University of California scientists say that the ore that he should be dead. They declare the boy's living is a miracle of human endurance. Edward climbed an iron tower last Saturday to recover a kite from high power electric wires, carrying 13,000 volts. He came in contact with the wires and their full shock knocked him to the ground. Neither the shock nor the fall caused him to lose consciousness.

EDWARDSVILLE, March 14.—Ray Renard and Harry Ruhmann, both of St. Louis and identified by employees of the Illinois State bank of East Alton as having participated in the \$2,000 robbery of that institution last February 14, are in the county jail here today. Their failure to furnish \$12,000 bond in each case at a preliminary hearing in Alton yesterday, when they were bound over to the grand jury.

DISAPPOINTED IN OPERATORS

(By The Associated Press)
PALM BEACH, Fla., March 14.—Disappointment over the refusal of operators in the bituminous coal industry to meet union miners in conference in an effort to write a new national wage contract was expressed today by Attorney General Daugherty during his visit here with President Harding.

"I think it was a mistake on the part of the operators to hold out against a preliminary conference with the mine workers," Mr. Daugherty declared. "There is a contractual relation between the two interests. They agreed under the terms of the 1920 scale agreement to meet and discuss a new scale. They ought to do so and it is fair to remind them that the government itself is a party to the contract and therefore has a right to take a hand in the business."

SEEKS TO STOP BANKING SYNDICATE

Chicago, March 14.—A petition asking that an injunction be issued restraining the Diversified Banking Syndicate, of Illinois, from the further selling stock and from circulating possible investors, was filed today in circuit court on behalf of Louis L. Emerson, secretary of state. The petition charges that the syndicate does not meet the requirements of the Illinois securities law.

PUBLISHER KILLED WHEN TRAIN HITS AUTO

Chicago, March 14.—S. B. Kuttner, general manager of the Atlas Publishing company, was killed when a train struck his automobile at a crossing today.

SECRETARY DAVIS AND JOHN L. LEWIS EXCHANGED VIEWS

Agree That National Strike in Union Fields Is Inevitable

(By The Associated Press)
WASHINGTON, March 14.—Secretary of Labor Davis and John L. Lewis, president of the United Mine Workers exchanged views today on the threatening situation in the bituminous coal industry and both were said after their conference to be of the opinion that a national strike in the union fields was inevitable. Mr. Lewis assured Mr. Davis again of the willingness of the miners' union to open negotiations for a new national wage contract, a proposition which mine operators are refusing to entertain.

Later Mr. Lewis declared the cessation of work in the union mines after April 1, was coming about automatically and said that a bold commercial policy of the operators for which the public must pay was in part responsible. "If there is no conference between the miners' union and the operators he added, referring to the bituminous situation there can be no wage drawn up. If there is no wage contract there won't be any coal dug after April 1 in union mines."

Mr. Lewis came here today from Illinois and after his conference with Secretary Davis left with several representatives of the national union for New York where the general scale committee of the union and the anthracite operators are in session to consider terms of a new wage contract.

CON CON ADJOURNS SESSIONS UNTIL AFTER PRIMARIES

Members are Busily Engaged in Campaign Activities

(By The Associated Press)
SPRINGFIELD, Ill., March 14.—Discouraged over prospects of accomplishing much more work on the proposed new basic law for Illinois until after the April 11 primaries, the constitutional convention adjourned today until April 18.

Only thirty-eight delegates, fourteen less than a quorum could be mustered today. Waiting until afternoon before attempting a session, President Woodward called the thirty-eight together for consideration of the adjournment motion. It had been hoped that the late trains would bring enough members to resume work, but some of the "regulars" who stuck with the convention up to this week despite dwindling attendance are engaged in campaign activities and there was little prospect of their return before the primaries are over.

Last week the convention covered more of the proposed new constitution than at any time since it resumed session this year and at the rate various articles were being disposed of numerous delegates were hopeful of completing their labors by April 1. As a result of today's adjournment the opinion that the future holds little promise of success for the convention which began in January 1920.

U. OF I. TRUSTEES CONSIDER GIFT

CHICAGO, March 14.—Trustees of the University of Illinois today took under advisement the unconditional gift of land and buildings worth \$200,000 of the William and Yashti College at Alton, Ill., which has not been operating for some time.

It was announced that the new agricultural building of the University of Illinois will be erected south of the present observatory building in Urbana.

Resignations were accepted from Prof. Eugene Davenport, dean of the college of agriculture and director of the agricultural experiment station and Dean Charles R. Richards of the college of engineers.

Dean C. C. Williams was appointed professor of civil engineering and head of the engineering department.

Officers of the board of trustees elected were: President, W. L. Abbott; Secretary, H. E. Cunningham; Comptroller, Lloyd Morey and executive committee members W. L. Abbott, Mr. Mary E. Buz, Urbana and Orla W. Hoyt, Geneseo.

ASK SENATORS TO VOTE FOR TREATIES

Dixon, Ill., March 14.—The Dixon Kiwanis Club today adopted a resolution asking Senators Medill McCormick and William B. McKinley of Illinois to vote for ratification of the treaties which resulted from the conference on limitation of armaments.

SHIPPERS WANT RAILROAD RATES TO BE REDUCED

Advance Charges Allowed Recently Must Be Removed

(By The Associated Press)
WASHINGTON, March 14.—Railroads constitute the only great industry in the country which has not been compelled by the laws of commerce and industry to reduce prices and reduce costs, according to a brief filed with the interstate commerce commission by Clifford Thorne, spokesman for the shippers, in closing the general investigation into transportation rates. Wholesale prices of commodities have dropped 50 percent and interest rates on money 25 percent since 1920, when the last general advance was put on railroad service charge, the brief asserted, and the time has come when that advance must be removed.

"If all of it cannot be taken at one time," the brief continued, "then let us in good faith eliminate a third or a half of it, removing in substantial amounts the transportation burdens resting upon those basic necessities of life essential to our welfare."

Competition has forced other industries to yield price standards. Mr. Thorne said and in transportation, "where we have simply substituted government regulation for competition," the commission could not consider roads to be sort of sacred cows in our midst, immune from fundamental laws of society and commerce, free from necessity to lower charges for service as other prices declined unless public regulation is to become a farce."

The brief asserted that railroad earnings would stand the reduction declaring fewer miles of railroads were in the hands of receivers last year than any year since 1912, and asked the commission to contrast this situation with that in general industry which he said showed profound industrial depression, thousands of factories closed down or in hands of receivers, millions of people idle and few industries able to meet operating expenses.

Decision of the railroad labor board, he said, "contributed twice as much to bringing things back to normal as all the railroads in the United States have done."

RUSSIAN COUNTESS RELEASED FROM JAIL

(By The Associated Press)
NEW YORK, March 14.—Countess Björdis Ridderstad, the comely young Swedish noblewoman who has resided in Ludlow Street jail since December 1921, in connection with a civil suit against her for \$10,000 was ordered freed today by Supreme Justice Burr.

The suit against the Countess was brought by agents of Dr. Henry Holm of Ishpeming, Mich., who charged the young woman with accepting \$10,000 for the "Cosacks" reply to Sultan Mohammed IV, a painting which was said to have occupied a conspicuous place in the imperial Russian palace.

The countess admitted she accepted the \$10,000 from Dr. Holm but claimed she signed a contract to deliver the painting without knowing what it was all about, as she is unable to read English.

Justice Burr granted the discharge order on the ground that a damage suit was the only recourse left Dr. Holm.

MUST HAVE GOOD LOCAL GOVERNMENT

(By The Associated Press)
CHICAGO, March 14.—Declaring that a healthy national government is impossible with irresponsible local government, John W. H. Crim, assistant attorney general and head of the criminal prosecution division of the United States district attorney's office, tonight held a round table meeting with leading law enforcement officers of Illinois.

The meeting was called by Attorney General Daugherty and was attended by state's attorneys, sheriffs and representatives of law enforcement agencies throughout the state.

"The attorney general of the United States, in this meeting," said Mr. Crim, "is suggesting closer cooperation be brought about between the local prosecuting attorneys and the United States attorneys."

He feels that the cost of government can be measurably reduced and a more efficient administration of the criminal law by simple cooperation between these officials.

TWENTY THREE ARE REPORTED DEAD IN SERIES OF STORMS

Storms Which in Many Places Reached Proportions of Tornadoes Sweep the South—Twelve Die at Gowen, Oklahoma—Many Injured in Mississippi and Arkansas

(By The Associated Press)
NEW ORLEANS, La., March 14.—At least twenty-three persons were killed and many others were seriously injured as a result of a series of storms at places reaching proportions of tornadoes which visited isolated sections of Louisiana, Mississippi, Arkansas and Oklahoma last night and early today.

The heaviest loss of life reported was at Gowen, Okla., where 12 persons were killed when a tornado swept thru the village last night. Six negroes were killed when the storm passed thru the northeastern section of Jefferson county and the southeastern section of Lonoke county, Ark., early today.

The storm in this section left a trail of wrecked buildings for twenty miles. At Sulphur, Okla., two men were killed late yesterday.

Nineteen others were seriously injured and scores suffered slight injuries. Property damage is estimated at \$100,000.

Fifty buildings were completely demolished and 200 people were left homeless.

Eight homes were demolished at Sunrise, a village two miles north of Baton Rouge, and a negro woman and her child were killed. Four others were slightly injured there early today.

More than 150 homes were leveled. The storm swept a path more than 100 feet wide razing every building in its path. Reports from outlying districts tell of considerable property damage. A school building in which were 1,000 children barely escaped the path of the storm.

One man was killed and a score of houses were destroyed at Arkansas City, Ark., early today. Two homes were destroyed and one man was injured near Alexandria, La. last night.

At Kennet, Ark., a 12 day old infant was blown from a bed across the yard where its clothing held it suspended to a picket fence until the storm abated.

PLANS ANNOUNCED TO RESTORE ORDER

BELFAST, March 14.—Chief interest in the reassembling of parliament today were the plans announced by Sir James Craig, the Ulster premier, for the reorganization of order in which Field Marshal Sir Henry Wilson, former chief of staff of the British army but now unionist member of the house of commons for North Down will be the prime agent and an admission that the belligerency committee is still the predominant danger facing Ulster.

Sir James was emphatic in his statement that no change in the belligerency under the 1920 act would be sanctioned unless by mutual agreement. He announced that £2,000,000 would be allocated, if needed for the restoration of order and insisted that evil doers must be amenable to the ordinary course of law.

The Count Spencer, secretary of the Ulster cabinet told The Associated Press tonight that the £2,000,000 was intended to show Field Marshal Wilson that the Ulster government really meant business.

FOREIGN EXCHANGES MORE ORDERLY

NEW YORK, March 14.—Foreign exchanges were more orderly today on the better news from London respecting British domestic and colonial political and economic problems. Demand sterling was extremely weak in the initial quotations but rallied steadily as the day progressed, its maximum quotation 433 7/8 representing a rebound of about five cents from its low figure.

Recoveries in continental exchanges were more moderate, the French and Italian rates regaining only five and ten points respectively, while Belgian bills held at yesterday's low levels and the German mark recovered only a fraction of its loss.

ILLINOIS MAN HEADS MUHLBERG COLLEGE

Allentown, Pa., March 14.—Professor C. B. Bowman, of Northwestern College, Illinois was today elected to the chair of economics and sociology of Muhlenberg College. Courses in business administration will be offered at the college next year.

FEDERAL GRAND JURY INDICTS CEMENT FIRMS

Forty Eight Individuals Also Named in Indictments

(By The Associated Press)
CHICAGO, March 14.—Twenty six corporations manufacturing cement in the middle western states and forty eight individuals were named in an indictment charging violation of the Sherman anti-trust law, returned by federal grand jury March 8, but not made public until tonight after bench warrants had been served on the individuals.

Charging that the law governing interstate traffic has been violated, the indictment alleges that the twenty six companies have conspired to regulate the cement business in Ohio, Indiana, Michigan, Kentucky, Missouri, Illinois, Iowa, Wisconsin, Minnesota, Nebraska, North Dakota, Pennsylvania, Tennessee, South Dakota and Arkansas. It further states that twenty five million barrels of cement are made by the companies annually, ninety percent of the amount manufactured in the middle western states and twenty five percent of the entire output of the United States.

The Lehigh Portland Cement company; Aetna Portland Cement company; Alpha Portland Cement company; Atlas Portland Cement company; Cape Girardeau Portland Cement company; Castalia Portland Cement company; Continental Portland Cement company; Crescent Portland Cement company; Diamond Portland Cement company; Hawkeye Portland Cement company; Huron Portland Cement company; Indiana Portland Cement company; Kosmos Portland Cement company; Michigan Portland Cement company; Missouri Portland Cement company; Newago Portland Cement company; Northwestern States Portland Cement company; Peerless Portland Cement company; Peninsular Portland Cement company; Universal Portland Cement company; Wolverine Portland cement company; Wyandotte Portland Cement company; The Marquette Cement Manufacturing company and the Wellston Iron Furnace company; Sandusky Portland Cement company.

OPERATORS SEND LETTER TO DAVIS

CHICAGO, March 14.—The Illinois Coal Operators' association today sent to all of its members copies of a letter sent to Secretary of Labor Davis by the Southwestern Coal Operators association, protesting against the secretary's efforts to force conferences between the miners and the operators in the hope of averting the threatened miners' strike. The letter was said to declare that such conferences would be inequitable and would result in injury to the operators.

Note the real bit of philosophy from Mary Roberts Rinehart: "A woman is well dressed when she can stand the sharpest scrutiny, but when no one turns to look."

Because of heavy rains, the Morgan county roads just now are in places in worse condition than at any period for many weeks past. Now therefore is the accepted time to put thru any minor movement for road improvements. You can get prompt action when the need is imminent.

The light vote cast at the city primary yesterday should not be interpreted as indicative of lack of real interest on the part of citizens. However, the time should come when voting at elections is compulsory, or the voter in some way barred from any future complaints when public affairs are not managed to his satisfaction.

A former chemist for the United States proposes that Henry Ford would "go broke" operating Muscle Shoals, and that the money made could never manufacture commercial fertilizer there at a profit. Probably Mr. Ford has done some investigation of the project on his own account and will not be disturbed by this pessimistic prophecy.

Attorney General Daugherty is certainly a man of courage and ready to grapple with trouble. He is said to favor a change in laws which would transfer the enforcement of prohibition from the treasury department to his own department. He will probably not have great difficulty in bringing this to pass.

There are said to be 115 buildings in Springfield housing garages or automobile accessory establishments.

tabishments. These figures show in what a marvelous way this industry and all things connected with it have grown in a little more than a decade.

It is interesting to note too that more than half of the Springfield buildings mentioned were formerly used for saloon purposes.

The Bache Review says that a broad view of the situation makes it impossible not to conclude that in its advance towards revival, the country is having the benefit of a consistent bull market, based on the fact that while business is not buoyant, it is improving steadily, based also on easy money and a splendid investment demand.

Midwestern members of congress occupy a strategic position on all economic questions pending before congress, according to the Manufacturers News. They want high tariff rates on all agricultural products in the tariff bill and will probably get them. Most of them favor bonus legislation but oppose a sales tax to pay for it, as the president recommended. Likewise the fate of ship subsidy rests primarily with their decision. Herefore the midwest has successfully opposed ship subsidy legislation. This time the question is submitted with the alternative to continue to vote for the heavy losses of the Shipping Board and with the St. Lawrence-Great Lakes waterway project tacked on as an attractive persuader. The Atlantic ocean is thus brought nearer the Mississippi valley than ever before and this fact may influence some votes.

TAX EXEMPT SECURITIES
The day will come, if states, counties and municipalities continue to issue tax exempt securities, when one-half of the people of the United States will be compelled to bear the whole burden of taxation, while the wealthy will be entirely relieved from the payment of taxes, says Congressman Louis T. McFadden of Pennsylvania, who is leading the fight in congress against the exemption of securities.

"Tax exempt securities are available for investment purposes today to the extent of anywhere from ten to twenty billion dollars, probably conservatively estimated at fifteen billion dollars," says Mr. McFadden. "It is against economic law and social justice and the spirit of American fair play."

"While the United States itself is on record as opposed to any further issuance of government

tax exempt bonds, the state, counties and municipalities are issuing them by hundreds of millions of dollars.

"It is safe at this time to estimate that between one and two billion dollars worth of tax exempt securities will this year be added to the amount already outstanding and available for investment by the very wealthy class of people in this country because they have learned their lesson in regard to investment in tax exempt securities and are absorbing them in large amounts."

GREENE COUNTY REPORT ON WEATHER AND CROPS

WHITE HALL, March 14.—The weekly crop and weather report of the local office of the weather bureau for the week ending today finds a continued satisfactory condition of winter wheat. The general decreased acreage of corn will apply to this section. Oats sowing will begin with favorable weather, the ground being somewhat wet at the present time, and there may be some spring plowing this month.

The favorable conditions at the present time apply also to the horticultural situation in our large apple regions. While there is not certainty as to the final outcome of the apple crop, the trees are fifteen to twenty days behind last year, and with a continuance of favorable weather conditions, the best local authorities on horticulture have every reason to expect a good crop of apples.

A vision of the new agricultural policy for Illinois is found in the results of the conference at the University of Illinois in January that has resulted in machinery for outlining a policy to meet the new conditions in Illinois for a period of 25 years thru the naming of a committee by President Kinley that includes in its personnel Mr. W. S. Cora of White Hall. Mr. Cora has offered to write a complete resume of the important field to be covered by this commission, regarded by President Kinley as a work of the first magnitude.

Another item just gleaned from Mr. Cora is his connection with the "Eat More Beef" campaign that is of interest to farmers. By adequate cooperation the farmers may realize in this "Eat More Beef" campaign fully as much or more than the raising growers and other interests have gained from like undertakings, and it is one of the purposes of this service to give initial information along agricultural lines to the farming population.

The mean temperature for the week was 45 degrees, the mean maximum 53 and the mean minimum 37 degrees. The lowest reading was 30 on the 7th and 8th and the highest 60 on the 13th. There was 0.85 inch rain, all falling on the 10th. Oiled highways recovered rapidly from the wet period. Dirt roads are still rough and contain some mud holes.

William Litor, who has been in Colorado for some months past, is in the city visiting for a few weeks at the home of relatives.

GREENE COUNTY'S LAST OVERSEAS MAN SAILS

Staff Sergt. Leland Fitzjarrel Sails for Home After Long Service—Other News From Greene County.

White Hall, March 14.—Staff Sergeant Leland Fitzjarrel, son of Mrs. Rachel Fitzjarrel of White Hall, sailed for home on the 11th, with his wife and he will be last of the Greene county boys to get back from overseas service during the world war. Others have enlisted and gone across since the armistice. Next month Fitzjarrel will have rounded out eight years of service, he having re-enlisted following his experience on the Mexican border, which carried him through the world war. He went overseas with the Second Division and since the Armistice has been with the Army of Occupation in Germany, where he married a German bride in May 1920. He wrote from Auebach, Germany, under date of February 11th, and the letter reached here Saturday, in which he announced his home-coming and that he expects to reach Portland, Maine, about April 1st.

Roodhouse is in close touch with Mr. Griswold because the proposed building is to be placed on Whiteside Park, and the mayor states that Mr. Griswold has some very important matters in mind for the park this year, one of which is this proposed building, which the mayor believes will be erected possibly this year along with the memorial arch at the northeast corner, plans for both of which have been received.

PLANS ARE MAKING FOR GENERAL CLEANUP

Special Program Given at C. of C. Forum Meeting—Forces to Unite in Good Movement.

The paint and clean up campaign in Jacksonville was given a material boost at the meeting of the forum of the Chamber of Commerce held Tuesday night. In arranging for this meeting the regular forum committee was assisted by a special committee. Dr. Carl E. Black, forum chairman, introduced Dr. C. H. Rammekamp to preside during the evening.

There was some mass singing and then an excellent reading was given by Miss Reed of Illinois Woman's college. A great deal of interest attached to the stereoscopic views made from pictures taken in Jacksonville within the last two or three days. None of these pictures were labeled, but the audience had no difficulty in recognizing where some of them were taken. They revealed conditions that quite well indicate the need there is for some clean up work.

In his remarks Mayor Crabtree quite appropriately mentioned that while a great deal of clean up work is needed at this time, that it should be remembered that this is the season of the year when in the natural order of happenings a great deal of clean up work has not been done.

Mayor Crabtree said that the city itself could not do all that is needed, in clean up work and that the interest and co-operation of citizens generally and in this special movement would be very welcome.

Dr. A. M. King, city health warden, gave a helpful talk, indicating some of the difficulties in keeping the city clean, and mentioning the close relationship between cleanly and sanitary conditions.

Mrs. A. B. Williamson, president of the Woman's club, said that clean up work comes properly within the functions of that organization, and that while the club has thus far taken no definite action, there is no question but what it will be very glad to aid in the special program proposed.

H. A. Perrin, superintendent of schools of Jacksonville, indicated that the education system of today seeks to help children come to a realization of their civic duties and of the propriety of their aiding the forward movements of their community. He suggested various ways in which the pupils of the schools can properly be expected to co-operate in the program which tends toward more healthful and sanitary conditions.

The next speaker was Allen W. Clark of St. Louis, who is the chairman of the national clean up and paint up organization. He was introduced by Secretary Harold Welch, who met him at Madison, Wis. last summer when the American City Bureau school was in session. Mr. Clark gave some history of the movement and told of the good work accomplished in thousands of cities during the ten year period in this clean up work. Stereoscopic pictures added to the interest of his address.

At the conclusion of the program, on motion of Mayor Crabtree a resolution was adopted endorsing the movement and pledging support of the special committee which will have the direction of the work proposed in charge. After the program came a brief social hour during which refreshments were served by a committee which included Secretary Welch, Fred Darr and others.

DR. AND MRS. HARKER TO TAKE WESTERN TRIP

Dr. and Mrs. J. R. Harker will leave tomorrow for a two months vacation trip to California. They are making the trip at this time on account of the health of Mrs. Harker and the need for rest that Dr. Harker feels. On Friday they will attend a meeting of the Kansas City Alumnae association of the college, to be held at the Woman's City club.

On Monday Dr. and Mrs. Harker will be guests of the Denver association at Oxford hotel at Denver, and on Saturday, March 25, will be present at a similar gathering in Los Angeles, held at the home of Mrs. Ben Kirby, a graduate of the college.

Afterward the travelers will go to Berkeley where they will spend six or seven weeks with their children.

Mrs. Waltham, wife of the pastor of the Methodist church at Mt. Sterling, came to Jacksonville last night accompanied by Dr. Thompson, and is a patient at Passavant hospital under the care of Dr. Carl E. Black.

ALDERMAN'S HOUSE BOMBED

CHICAGO, March 14.—The Gold Coast, the home of many of Chicago's wealthiest families, was shaken to its foundations tonight by a bomb exploded at the home of Alderman Charles J. Agnew.

The front of the Agnew home which is just off Lake Shore Drive was wrecked by the blast and the windows in homes for a block around shattered. Alderman Agnew was not at home but his wife was blown from her bed by the explosion.

The scene of the blast is near the homes of the McCormicks, Swifts and Potter Palmer's and many other widely known Chicagoans.

The Drake Hotel is but a few blocks distant and guests there were alarmed by the sound of the blast.

No cause for the outrage was known.

GROCERY STORE IS AGAIN BURGLARIZED

Ferry & Gruber Grocery Store at Corner of College and Hardin Avenues Broken Into Monday Night and Small Amount of Cash Taken.

The grocery store conducted by Ferry & Gruber at the corner of College and Hardin avenues was broken into some time during Monday night and some cash and various articles taken. Eldon Gruber, one of the owners, arrived at the store early Tuesday morning and discovered the glass in the front door broken. Entering the store, he found that two cash registers had been opened and a small amount of cash taken.

Further investigation proved that two rain coats belonging to persons connected with the establishment had also been taken by the thieves, as well as a silver watch. The police were notified and made a thorough investigation of the premises but were unable to find any clues.

The owners of the establishment stated yesterday that there was only a small amount of money in the store, as it is their custom to place in the bank the proceeds of each day's business before night comes.

The store was sold to Messrs. Ferry & Gruber about a year since by W. E. Boston. While the latter owned the establishment it was visited a number of times by burglars. In fact, the burglaries became so frequent that the night police made trips to the store every half hour to see that all was as it should be, and at times someone was kept at the store during the night. The last robbery under the Boston ownership resulted in the securing of several hundred dollars in cash, the safe being broken open on that occasion.

HEIRS ASK ISSUANCE OF RESTRAINING ORDER
Bill Filed in Circuit Court Seeks to Prevent Sending to England of Moneys Belonging to Late George Simpkin Sturdy.

A bill has been filed in the office of Circuit Clerk Wamaker by Thomas S. Sturdy, et al., asking that George Simpkin be restrained from sending to England certain moneys and stocks belonging to the estate of the late George Simpkin Sturdy.

The value of the bonds and securities mentioned is \$14,010.56, now deposited in the Ayers National bank.

Mr. Sturdy, it is set forth in the bill which was filed by Walter W. Wright, died July 3, 1920, at Scarborough in the county of York in England. The will was admitted to probate January 5, 1921, in England.

The bill sets forth that by the terms of the will Mr. Sturdy gave to his wife, Elizabeth Sturdy, the interest from all the money that he had invested in America and further provided that upon the death of his wife, Elizabeth Sturdy, that the said money should be equally divided between George M. Sturdy of Morgan county, Ill.; Thomas S. Sturdy and Harriet M. Camp, of Lancaster county, Neb.; and Mary Ellen Emily Jane Sturdy of Lincoln, Neb.; providing further that should any one or more of the parties die that their share should be equally divided among the survivors.

It is shown that George M. Sturdy died Jan. 13, 1922, leaving surviving him his wife, Mary Sturdy and Georgia Gibbs, Maude Holmes, Earl Sturdy, Lee Sturdy and Clyde Sturdy, sons and daughters, and Mary, Helen, Robert and Nylene Sturdy, the children of Allen Sturdy, who was a deceased son of George M. Sturdy.

It is further maintained that because no trustee was named to take charge of the moneys or other property invested in America by George Simpkin Sturdy, that since his death George Simpkin of this county has been acting as attorney in fact for Mrs. Elizabeth Sturdy, wife of the said George S. Sturdy, and has been directed by her to collect the money invested by George S. Sturdy at the time of his death in America, and to forward it together with stocks, bonds, etc., to Mrs. Sturdy in England.

It is the suggestion of the complainants that unless restrained by order of the court that it is the purpose of Elizabeth Sturdy to convert the said money to her use and that they believe that by the transfer thereof to England that the money and securities will be lost to them for all time.

Accordingly the court is asked to issue the injunction and further to appoint a guardian ad litem for the minor defendants already mentioned.

It was suggested that a temporary restraining order be issued until all the issues involved can be satisfactorily settled. The bill is signed by Thomas Sturdy, Mary Ellen Sturdy, Mary Sturdy, Maude Holmes, Clyde B. Sturdy, Georgia Gibbs, Earl and Lee R. Sturdy.

WANTS STATE TO LOAN MONEY TO BUILD HOMES
(By The Associated Press)

CHICAGO, March 14.—The state of Illinois was today urged to create a department for the purpose of lending money on long time payments to the people for individual home building in resolutions passed by the Cook county real estate board.

The board also asked Governor Len Small and the legislature to enact a law creating a state bank where state and municipal funds may be deposited and also citizens deposits be received.

YANKEE FIVE WIN FROM FRESHMEN

Defeated J. H. S. Five by Score of 22 to 8—Yankees Work Fast in Second Half—Parochial School Beats D. P. Midgets.

The Yankee Five Basketball Five again demonstrated its class Tuesday night when it defeated the Jacksonville High School Freshmen quintet by a score of 22 to 8 in Liberty Hall.

The Yankees were badly off in their shooting in the first half and the score at the half way mark was a tie at 4 all.

In the second half the Yankees found their eye and romped away with the game, scoring 18 points while holding the freshmen to four points.

For the Yankees Gebert, Trahey and Blesse starred on the offense while Agoropolis and Mallory did the best work for the freshmen.

Prior to the Yankee-Freshmen game a curtain raiser was played between the Eighth Grade team of the Parochial school and the David Prince Midgets. The score was 14 to 9 in favor of the Eighth grade. Lineup for the David Prince team was Brinkman and Strawn, forwards; Walls, center; Mutch and Smith, guards.

A game between the Yankees and David Prince school has been arranged but the time of playing has not been fixed.

THREE EYE ADOPTS PLAYING SCHEDULE

Calls for 140 Games With Season Opening May 11 and Closing Sept. 10—Ladies' days Mondays and Fridays.

CHICAGO, March 14—Members of the Three I Baseball League today adopted their annual schedule calling for 140 games, set aside two days a week—Mondays and Fridays—as free days for ladies, limited the number of players on each club to 14 members including the manager and set \$3,200, as the salary limit. They also granted permission to the new clubs which have joined the circuit—Danville and Decatur—to carry one extra player and acted favorably upon a motion to admit ladies to the ball games on Tuesday, Wednesday and Thursday at 25 cents. Each club posted a \$2,000 guarantee to live up to the rules of the organization.

The season is scheduled to open May 11 and close Sept. 10. Opening games are scheduled as follows:

Bloomington at Decatur.
Peoria at Danville.
Moline at Terre Haute.
Rockford at Evansville.

According to Al Tearney, president of the organization the schedule is a big improvement over that of the past season, the total mileage being estimated at 25,276 or a saving of approximately 2,500 miles.

The meeting was one of the most harmonious in the history of the Three I organization. The holiday dates were allotted as follows:

Decoration Day, May 30
Rockford at Moline.
Decatur at Danville.
Evansville at Terre Haute.
Peoria at Bloomington.
Moline at Rockford.

MEN BLIND TO WOMAN'S SUFFERING

How many men think you, have any idea of the pain endured by women in their own household, and often without a murmur? They have no patience when the overworked wife and mother begins to get pale, have headaches, backaches, faint spells, or is melancholy and cannot sleep. There is help for every woman in this condition, as evidenced by the many voluntary letters of recommendation which we are continually publishing in this paper for Lydia E. Pinkham's Vegetable Compound. It will pay any woman who suffers from such ailments to give it a trial.

Ghost Hunter Refuses to Talk

HALIFAX, N. S., March 14.—Dr. W. F. Prince, the scientific ghost hunter from New York an-

nounced tonight it would take another day to complete his report on the ghost of Antingish. The report dwelling at length with the mysterious fires and other manifestations that drove Alex MacDonald with his family from their home in Caledonia Mills—and with the moot question of whether Dr. Prince saw or did not see the ghost—probably will be made public tomorrow, he said. In the meantime Dr. Prince refuses to talk.

BELIEVE O'CONNOR IS IN MILWAUKEE
Chicago, March 14.—Thomas "Lucky Tommy" O'Connor, convicted murderer of a Chicago detective who escaped from the Cook county jail four days before he was to have been executed is believed by the Chicago police to be hiding in Milwaukee. Chicago detectives have gone to Milwaukee to try to gain some trace of O'Connor.

Landru, the French Bluebeard, had to pay the penalty for his numerous murders on the scaffold. This photo, the first ever taken of a guillotining, shows the prisoner being led to his death in the Prison Square at Versailles.

SALVATION ARMY STORES SELL CHEAP

CHICAGO, Ill.—The Salvation Army stores which have been institutions in Chicago for more than fifteen years, have solved the problem on the high price of being well dressed for thousands of families.

An entire outfit, hat,—clothes, shoes, collar, ties and everything for \$3.75. That's the price of doing the garments of a tramp, and taking on the raiment of a gentleman.

But the Army is not making a specialty of the tramp. There is many a family man and his wife and his children who patronize the industrial clothing store.

It's the easiest, quickest and cheapest way out.

You can get a good coat for 35 cents, a pair of trousers for 25 cents, a vest for 10 cents, a hat for as low as a dime, socks for 5 cents, a pair, a necktie for a dime, and a real slick, clean, highly starched white collar thrown in to make the outfit complete.

You can get anything in the clothing line you want and the price is within reach. And if you happen to be without and in dire need of clothing it's yours for the asking. The charge placed on the clothing by the army is to cover overhead expenses, such as rent and for cleaning and renovating, for mending, for hauling, and for the meager salaries for the few aged or crippled persons in the stores. The clothing is donated by more fortunate families.

NEW COUNTERFEIT RESERVE NOTES OUT

Chicago.—(By the A. P.)—Illinois banks were urged to be on the watch for three new counterfeit federal reserve notes, in a bulletin issued today by the Illinois Bankers Association. Two of the notes are for \$10, one on the Federal reserve bank of Cleveland, Ohio, and one on the San Francisco reserve bank, while a third, a \$100 note also was on the Cleveland bank.

The \$10 notes were declared by the bulletin to be photographic reproductions, while the \$100 note was described as a hand made counterfeit in the main with pen and brush, produced on genuine paper obtained by bleaching a \$1 bill. All three were declared to be deceptive and bankers were urged to examine all bills of the description given.

FEAR DAMAGE FROM WABASH RIVER

Terre Haute, Ind., March 14.—Danger of flooding the lowlands of the Wabash river was expressed by officials of the weather bureau here today when they warned farmers living near the stream to move their livestock and grains into places of safety. Officials said that the river which is rising at the rate of a foot an hour would reach the flood stage Wednesday.

BERLIN.—(By the A. P.)—Germans are talking of abolishing crematories in order to save coal. Letter writers have been carrying on a campaign in the Berlin newspapers, protesting against this method of disposing of the dead as a waste of fuel. In the Berlin district last year 4762 bodies were cremated.

NORTH CAROLINA STARTED FIGHT

Began Taking Up Arms as Early as 1771—Battle of Guilford Court House Acclaimed as One That Won War.

Guilford Court House, N. C., March 14.—Most Americans think the revolution began at Lexington and ended at Yorktown.

Close students of history, however, know that the North Carolinians had begun taking up arms in 1771 soon after the Mecklenburg Declaration of Independence. The battle of Guilford Court House, which immediately preceded the retreat of Cornwallis to the surrender of Yorktown, has been acclaimed by many as the battle that won the revolutionary war. Described in the British parliament a "victory" it drew from John Fox the rejoinder that "another victory would mean the destruction of the British forces in America."

The one hundred and forty first anniversary of the battle of Guilford Court House will be celebrated here on March 15th with the placing of the celebrated Battle Ground Oak in the Hall of Fame for Trees established by the American Forestry Association. It was the tree in which General Nathaniel Greene tied his horse during that celebrated engagement, and the majestic oak, known to be more than two hundred years old now has a spread of more than a hundred feet and is twenty one feet around at the base.

Four miles away is the New Garden oak in a cemetery where stood an old Quaker meeting house where the wounded from the battle were cared for. In the shade of the New Garden Oak lies buried the grandfather of Uncle Joe Cannon. This celebrated tree is also to take its place in the hall of fame on the same day.

Nominations for the Battle Ground Oak in the hall of fame were made by Mrs. Dorian H. Blair of the Daughters of the American Revolution of Greensboro, N. C.; Mark C. Mills of Guilford College and Paul C. Lindley of Pomona, N. C.; Professor Mills also nominated the New Garden Oak.

Horses Shot from Under Him.
At the Battle of Guilford Court House Cornwallis had three horses shot from under him. General Greene, for whom Greensboro is named, was in command of the American forces which consisted of Huger's Brigade of Virginia, Williams' Maryland and Delaware brigade, Continental Regulars, North Carolina Militia, Virginia Militia, "Light Horse" Harry Lee's Legion, Col. William Washington's Dragoons, Lee's Dragoons and Cavalry.

Cornwallis retreated into Virginia and surrendered at Yorktown the following October. The Lafayette Elm planted in front of the Yorktown headquarters when Lafayette visited this country in 1824 is also in the Hall of Fame. The Guilford battlefield is now owned by the nation after an association headed by Judge David Schneck in 1887 started plans for preserving the site.

Another nomination given a place of honor is the Kentucky Coffee tree in front of the Ver Planck mansion at Fish-kill-on-

Hudson nominated by Cora June Sheppard of St. John, N. J. The tree was planted in 1804 on property acquired by the Van Plank family during the reign of James III, King of England, in 1683. The property has remained with this family ever since. Baron Sieben occupied the mansion during the Revolution and under this tree the first meeting of the Society of the Cincinnati was held. The tree is a magnificent specimen with two trunks, 75 feet high.

A tree "adopted" by the Boy Scouts at Elizabethtown, Pa., is also given a place in the Hall of Fame. The tree is a young poplar, 80 years old and forty feet in diameter. The limbs lie on the ground and do not take root. The nomination was made by George B. Orady, presiding judge of the superior court of Pennsylvania. The tree is at the Masonic Home and the Boy Scouts have built a fence around the remarkable specimen to protect it.

MYSTERY SURROUNDS DANVILLE MURDER.

DANVILLE, Ill., March 14.—Mystery surrounds the killing of Leonard Tahan, Sr., timberman, employed at the mine west of the city, who this evening was shot down in the doorway of the mine office while reading orders left by his manager, by a man on the inside. A young son who witnessed the murder, says the shot was fired by a stranger who had been about the mines for several days, but his motive is not known. The boy ran several miles and gave the alarm, and when officers arrived his father was dead, but none of his valuables were taken.

DECATUR VOTES TO INCREASE SCHOOL TAX

Decatur, March 14.—A proposal for increase of the Decatur school tax levy for educational purposes from two percent to 2.85 percent, was approved by the voters by a majority of 152 in a special election Tuesday. A second proposal for increase of the school building fund levy was defeated. The board of education had announced that unless the increased tax was granted it would be necessary to abandon the high school.

SPEAKER TELLS OF MORAL CONDITIONS

(By The Associated Press)

CHICAGO, March 14.—Moral conditions among girls in small towns are worse than in the cities, Mrs. Julia P. Kennedy, of the state department of public health told delegates attending the health conference here today.

In many towns she declared conditions were "almost indescribable" and told of finding a group of high school girls, "every one of whom had a small flask containing liquor tied about her neck and carried inside the bosom of her dress." In another school only a few days ago, she said, four pupils were expelled for drinking lemon extract.

"White mule," she declared "can be got in every small town, and much easier than it can here in Chicago. They drink that, extracts, mixtures of different sorts—awful stuff."

DON'T LEAVE BRAINS AT HOME GIRLS ARE TOLD

Kalamazoo, Mich., March 14.—If you start out for an evening's entertainment, don't leave your brains at home on the piano. President Dwight B. Waldo of Western State Normal, told students of the institution today.

His remarks he indicated, were prompted by the participation of three Normal co-eds in an auto ride early Sunday morning which resulted in serious injury to Miss Emmeline Kwackeneck who jumped from the car driven by John David Dodge, son of the late John Dodge, Detroit automobile manufacturer.

President Waldo warned the co-eds against accepting "what may seem to be pleasant advances from persons you do not know."

NEGROES ROBB R. DINING CAR STEWARD

Chicago, March 14.—The Boston Limited, crack New York Central passenger train running from Boston to Chicago, was boarded by two negro robbers tonight as it entered the city limits.

Entering the dining car they held up Adolph Pearson, the steward and robbed him of \$275 and his watch.

The bandits then leaped from the train and escaped. None of the passengers were disturbed.

SAYS CAN'T CONTROL MEN.

CHICAGO, March 14.—Fred Mader, president of the Chicago Building Trades Council today asserted that unless action was taken to suppress the citizens' committee to enforce the Landis wage award he could not restrain his men from committing acts of violence and chasing the members of the citizens committee out of the city of Chicago.

Mr. Mader's statements were made before a committee appointed by Mayor Thompson to investigate the citizens' committee.

PLAN EXTENSIVE DRILLING CAMPAIGN

CHICAGO, March 14.—Addressing several hundred stockholders at the annual meeting of the Kansas and Gulf company here today, H. L. Mourer, president, announced that an extensive drilling campaign was planned for 1922.

A vote of confidence in the officers of the company passed by the advisory board, gave its total income for 1921 as \$2,314,858.08 and the operating profit as \$1,247,220.

Members of the board of directors re-elected includes: H. J. Weiler, Decatur, Ill., and E. Householder, Elgin, Ill.

REFUSED PERMISSION TO MARRY GIRL SUICIDES

Chicago, March 14.—Margaret Shader, 16, shot and killed herself today because her mother would not let her marry Frank Lee, a mulatto, who had been her school mate six years. Her mother and a brother witnessed the tragedy, which took place on the doorstep of their home. The pistol the girl used was the same which one of her brothers killed their father to protect their mother several months ago.

ORDER BODY EXHUMED

Chicago, March 14.—An inquiry into circumstances surrounding the death of Mrs. Anna Thomas was ordered today following the finding of evidence by Coroner Hoffman that she had been buried without a permit. The body will be exhumed for a postmortem examination to determine the cause of death.

CLOSE CONTESTS IN PRIMARY ELECTION

City Primary Develops Some Hot Fights in Second and Third Ward—No Contest in First Ward.

Some close contests developed in the city primary election for the nomination of aldermen yesterday. Especially was this true in the second and third wards.

The candidates whose names will be placed on the city ticket are:

First Ward—Thomas Flynn, Democrat; J. W. Baptist, Republican.

Second Ward—Basil B. Sorrells, Republican.

Third Ward—John D. Cain, Republican.

Fourth Ward—T. A. Chapin, Republican.

In the Second Ward Basil B. Sorrells defeated Clarence Swaby by the narrow margin of two votes.

Both candidates had workers out all day and while a fair sized vote was polled it was not large when the total number of votes in the ward is considered.

John D. Cain, running for re-nomination had a hard battle with Justin A. Biggs in the Third Ward.

There were three candidates in this ward but the fight was between Cain and Biggs, Wells polling but 91 votes.

Both candidates had their workers well organized and they beat the bushes for votes. When the votes were counted the result showed Cain leading by 17 votes.

There was only one candidate on each party ticket in the First Ward. Thomas Flynn for re-nomination on the Democratic ticket and J. W. Baptist was the candidate on the Republican ticket. It was impossible to secure the returns by precincts but unofficial returns gave Flynn a total of 79 votes and Baptist a total of 54 votes.

T. A. Chapin was renominated for alderman by the Republicans in the Fourth Ward. His opponent Harvey Brinkman made an excellent showing and carried the 12th precinct of the ward. However, Chapin's supporters rallied strongly in the other precincts and he won by a large margin. The unofficial returns.

"The Place to Dine"

C. H. STORY WRITES INTERESTING LETTER

Jacksonville Journal, Jacksonville, Illinois.

Gentlemen:

It seems a long time since leaving our home town, perhaps because we have seen so much territory, and so many events of importance have transpired in the meantime.

Last week we were in Miami, and found something of interest for every hour.

We visited the Hon. W. J. Bryan's home, which is in the outer edge of the city, and the ten acres of land along the Beautiful Biscayne Bay, and his house built with an open court, with beautiful walks, drives, trees and flowers, makes a very attractive spot, where all winter long there is an average of one thousand callers per day.

Because of the frail health of Mrs. Bryan, they have made their permanent home in Florida.

Just near the Bryan home is a wonderful tract of two hundred acres made into a beautiful home estate and owned by James Deering the machine manufacturer.

We also visited a native Seminole Indian village, and found them living in their old primitive manner, pounding their corn, cooking on the open fire, making their own clothing and going bare head and bare foot.

Our lad, Harry Garner, had his picture taken in a canoe with an Indian lad named "Sho-hay."

It was here we saw the Indian "Willie-Willie" catch a sixty-year old alligator, turn him on his back after a desperate struggle, and finally put him to sleep. After a few minutes he started suddenly flopped over and made for the water.

On Saturday afternoon we saw a very thrilling polo game, so interesting, especially to those who like horses as I do. The grounds were forty by eighty rods, and level and smooth and set to grass, moved close, so the white ball, about 4 inches in diameter could be seen anywhere in the field.

There were twenty-four horses that worked in teams of four, and two teams on the field at a time, made three relays, playing about ten or fifteen minutes in each period, then changing horses. It was wonderful how the horses entered into the game, and how well they knew the game. It was a hard fought game, and the riders worked hard for the cup, a real worth-while trophy.

This week we are attending the Palm Beach County Fair, and the products are fine, especially from the Everglades lands.

Speaking of the Everglades, it is interesting to know how rapidly the area south and east of Lake Okechobee is being drained, and how rapidly it is becoming aerated and fit to farm.

As the land is from under water about two years the saw-grass is a natural growth, and this is followed by weeds and willow and elderberry, and finally by the custard-apple, a tree like the apple tree in appearance, bearing a little green fruit, with a light yellow meat, but of no food value.

This land is ready for any kind of crop, and is wonderfully rich. Just now a second sugar-mill is under construction, and hundreds of acres of cane are being planted.

It might be of interest to know that they do not plant or sow seed into lengths of about eight to 12 inches and plant them in furrows and cover with leveler. A sprow comes from every joint, and a field need not be planted often than once in eight or ten years, as it grows from the stub after the crop is taken off.

Everglade lands can be had now from \$50 per acre up, but as the months go by and the hard roads and bridges across canals are completed values are destined to rise rapidly.

Sugar will be the staple, but with the adequate transportation the immense vegetable and fruit possibilities will be developed. I have seen crops of beans, potatoes, egg plant, peppers, spinach, head-lettuce, radishes, tomatoes, onions, cabbage, Chinese cabbage and various other vegetables at their best in January and February of this year.

Among the fruits are Avocado pears, grape-fruit, oranges, bananas, guavas, paw-paws, and many others, all growing to prize winning proportions because of the richness of the soil, abundance of moisture and plenty of sunshine.

Next week the biggest annual event in the history of the state of Florida will take place here when the Seminole Sun Dance is put on.

The natives come from their inland homes and a great program is staged. Seats for eight thousand people are now completed and street decorations are well under way.

After the Sun Dance we drive to the west coast for a few days then across the state via Leesburg and Orlando to St. Augustine and Jacksonville, Florida, where we plan to take the boat for Baltimore, then drive via Washington, D. C., Pittsburgh, Indianapolis to Jacksonville, Illinois, the most beautiful and well established city on the globe. Where years and decades have grown into generations that have produced by way of her schools and colleges so many noted men now of national and international reputation.

Where the atmosphere is the very best to grow up boys and girls into men and women of the right type to build a state and a nation.

Our home town is like most beautiful paintings. It can be seen to best advantage by viewing it from a distance. If you don't believe it get away from your own

hometown for a few months, then you will know.

CULLING AND LAYING HENS

By D. T. Heimlich

The question is frequently asked when is the best time to cull flocks of chickens? The impression has been made that fall is the only time when flocks can be culled, the principle reason for this accepted theory is that when hens lay their spring and summer output of eggs they go into the molt, during which period as a rule fowls do not lay, therefore those that are in good flesh as a rule are marketed for meat and consequently many good layers are disposed of that should of been kept over for next season's best breeders and layers since the adoption of what is known as "The Hogan System" where by examining the structure of a hen as to whether she is a good, or poor layer, has been practiced, fewer good layers are put in market, and the poor egg producers can and should be weeded out at any season of the year, an experience of a year ago promoted me to write these lines. I was asked by a poultry buyer, "Would I go and cull a flock of white Plymouth Rocks?" We went to the farm of one of our largest cattle and hog raisers, found a fine looking flock of very large hens, nearly two hundred head, went over them carefully and found seventy odd hens, some that had never laid, some that had laid a few eggs, some that would lay months, when hen should and will lay, if they are by nature dowed to be layers, and not meat type of fowls. The owner of this flock stated "we don't feed our chickens because they follow the cattle and hogs" consequently most of them were very fat. He received ninety five dollars for his non-laying meat fowls and had over half of his flock left as layers, during the spring season, and eggs were bringing a very good price a year ago. In October he was getting very few eggs and decided if the first culling was satisfactory and profitable why not try it again and he did. We handled one hundred five hens, and found fifty one of this number not worth keeping over winter and left him fifty four that would lay during the fall and winter. This is an exceptional case where the flock lived practically on the waste of the farm and eggs and fowls sold were all clear profit to the owner.

Another case where the farmer's wife was getting four eggs only from a flock of one hundred hens, when asked "What do you feed them?" "Just corn once in a while." No stock on this farm, hence the poultry had to hustle to find their living, result those very few eggs starved undeveloped bodies, small, with no capacity for taking in food. We found seventy two of this one hundred weighing an average of three pounds, and utterly incapacitated to develop into layers, advised feeding the necessary and proper food to the twenty eight left that indicated they would lay if properly fed and cared for. Later met the lady and asked, "Are you getting eggs?" Her reply was: "Yes, and I bought seventy more hens." This past summer meeting the poultry buyer one day, he remarked "Heimlich, you remember about that poor bunch of layers you went over out near A. J. Well, I have been getting a case of eggs and sometimes more every week from that farm this spring." Feeding, housing, human and kindly treatment, are bound to bring results. There are still that thirty five to fifty per cent of fowls on our Illinois farms that should be in the most markets, so that the layers would have room; more and better feeding to lay eggs.

STATE AUTO LICENSE INVESTIGATORS HERE

Men from Secretary of State's Office Will Arrest Auto and Truck Owners Who Fail to Apply for State Licenses.

W. S. Foreman and George N. Case, investigators from the automobile license department of the office of Secretary of State Emerson, arrived in the city yesterday and will be here for several days rounding up auto license law violators.

As a direct result of the visit of the two investigators there were a number of applications for automobile and truck licenses made yesterday at the police station, and the activity will probably continue for several days to come. Owners of automobiles and trucks who have not yet secured their 1922 license plates will do well to make application without delay.

When the investigators find an auto or truck bearing an old license they attach thereto a tag, and it is then up to the owner to immediately apply for a new license. If he fails to do so a warrant for his arrest will be worn out the following day.

PROMINENT EDUCATORS VISIT WOMAN'S COLLEGE

Dr. Samuel Plantz, president of Lawrence College of Appleton, Wis., Dr. J. H. Seaton, secretary board of education of the Methodist church, and Dr. Walter Dill Scott, president of Northwestern university were in Jacksonville Tuesday, guests of President J. R. Harker at Illinois Woman's college. The trustees of the college were also luncheon guests and were in conference with the visitors during the noon hour.

The visitors were here to consider various matters in relation to the college. They spent the greater part of the morning looking over the various buildings and equipment of the college and then took a trip of inspection in and around Jacksonville. It is understood that a report of their visit to the local institution will shortly be made to the board of education of the Methodist church.

BIDS FOR ROAD OIL OPENED BY STATE

Figures for Supplies Needed in Four Counties Received—Price Suggested for Morgan County is 5.21 Cents Per Gallon—Matter Taken Under Adjudication.

F. L. Mawson and J. E. Osborne, members of the county board, and L. V. Baldwin, county superintendent of highways, were in Springfield yesterday to be present when bids were opened for furnishing road oil. Thru the state highway department bids were received at one time for oil in Morgan, Sangamon, Macon, McLean, Brown and Henry counties.

The bids submitted varied from 5 cents to 5.45 cents per gallon. These prices cover freight costs and mean delivered f. o. b. cars in the counties covered in the requests for proposals.

The lowest bid for furnishing road oil in Morgan county was 5.21 cents, made by the Taxman Oil Co. of Chicago. The Morgan county men decided to take this bid under advisement until next Saturday. At that time a decision will be reached as to whether or not the bid will be accepted.

The bids for the various counties and the estimates of the counties needed for the work proposed are given below. It is understood that the variation in quotations is due to the difference in freight rates:

Morgan county: Lowest bid 5.21 cents, Taxman Oil Co., Chicago; estimated quantity, 11 million gallons.

Sangamon county: Lowest bid, 5.08 cents, Indian Refining Co.; estimated quantity, 1 1/2 million gallons.

Macon county: Lowest bid, 5 cents, Indian Refining Co.; estimated quantity, 900,000 gallons.

Brown county: Lowest bid 5.01 cents, Taxman Oil Co.; estimated quantity 80,000 gallons.

McLean county: Lowest bid 5.21 cents, Taxman Oil Co. and Indian Refining Co.; estimated quantity, 2,000,000 gallons.

Henry county: Lowest bid 5.45 cents, Taxman Oil Co.; estimated quantity, 160,000 gallons.

Among bidders other than mentioned above were the Roxanna Petroleum Co., Independent Oil Co., the American-Mexican Refining Co., the Texas Co., the Get Gas Service Co. of Springfield, and L. F. Kubu of Bloomington. The highest bid for any of the contracts was 5.96 cents.

CLUBS AND SOCIETY

Ella Ewing Circle Met

The Ella Ewing Missionary Circle of Central Christian church met last evening at the home of Miss Esther Carlson on South Diamond street. Miss Blanche Turley acted as assistant hostess. The program of the evening was in charge of Miss Pearl Jewsbury, who opened the meeting with devotional services. "Latin America" was the subject of the program and Miss Jewsbury led the discussion. Misses Fern Haigh, Ruth Henderson and Mary Deeweese took different phases of the topic and told of the work of missions and missionaries in the South American countries. After the program a pleasant social hour was enjoyed and the hostesses served attractive refreshments.

"Americanization" Topic a Missionary Meeting

The Woman's Missionary Society of Westminster church met yesterday afternoon at the home of Mrs. Frank Oscar on West College avenue. "Americanization" was the subject of a very interesting paper given by Miss Adelaide McCune. Miss McCune told of the immigration problems in the United States and of the work which is being done to make good Americans out of our foreign born citizens. All the members of the society took part in the general discussion of the topic following Miss McCune's paper. The afternoon closed with a delightful social hour and the serving of dainty refreshments by the hostesses.

Trinity Women

To All Day Meeting

The members of Trinity Guild had an all day meeting yesterday at the Parish house. The attendance was good in spite of the inclement weather and the hours of the day were spent in coffee for the Carter sale which will be held soon. Luncheon was served at noon by a number of the ladies and a short business session was held in the afternoon.

State Street Society Met Tuesday Afternoon.

The Woman's Missionary Society of State Street Presbyterian church met yesterday afternoon in the church parlors. The members had the privilege of hearing Mrs. B. S. Gailey who talked in an interesting way of her recent trip to China and Japan. She told of the life and customs of the peoples of the Orient as she saw them herself. Many incidents in which Mrs. Gailey had a part added the interesting touch to the narrative. Following the talk a delightful social hour was spent and refreshments were served. Mrs. Henry Goebel was the chairman of the hostess committee for the day and she was assisted by Mrs. E. G. Peacock, Mrs. Leon Jaeger, and Mrs. Thomas Heaton.

Robert Mullenix, Jr., entertained the members of his club yesterday afternoon after school at his home on West College street. The club is composed of ten boys and girls who are in his class, the fourth grade at the Washington school. Miss Spencer, the teacher is the club guardian. Mrs. Mullenix invited the children to her home between the hours of four and six and they had a gay time playing games and having exciting contests. The hostess used clever little St. Patrick's Day favors and when the delicious refreshments were served the pretty color scheme of green and white was carried out in the ice cream and candies.

Hostess to Club.

Mrs. E. G. Peacock entertained the members of her bridge club Monday afternoon at her home on West Court street. Three tables were made up for playing and at the close of the afternoon the hostess served an attractive luncheon which was daintily served in the colors of St. Patrick's Day.

Pastor's Aid in All Day Meeting.

The Pastor's Aid Society of Grace M. E. church met yesterday at the church parlors for an all day session. The time was spent in sewing for Passavant hospital and a large number of articles were finished for the hospital. At noon a delicious informal luncheon was served and after dinner a business session was held. Mrs. Ben Lorton, the president, was in charge of the business meeting and plans were made for the work which the society will carry on this year.

Mrs. L. A. Frost, chairman of the budget committee, reported a number of subscriptions taken for benefit of patients at Oak Lawn sanatorium. The subscriptions include the Saturday Evening Post, Good Housekeeping and All Story Magazine.

Royal Neighbors

Held Meeting.

Star Camp, No. 171, R. N. of A., held its regular meeting Tuesday night at Woodman hall with an unusually large attendance of members. Three new members were adopted into the order. Following the business session there was dancing and cards, during which time refreshments in keeping with St. Patrick's Day were served.

At this meeting arrangements were completed to reserve, in conjunction with Camp No. 912, Modern Woodmen of America, a night at the auto show, Wednesday night, March 29, has been chosen and these two lodges will have entire charge of the upper floor at the Auto Inn. A splendid program consisting of high grade vaudeville acts and music will be given early in the evening after which dancing will be in order. The committee in charge is planning something extra nice for visitors to the show, the "Woodmen and Neighbors" night.

SHANKEN'S SALE CONTINUES TODAY

Owing to stormy weather many folks could not take advantage of our last sale day, so to give everybody a chance we will continue the sale one more day. We desire to more firmly establish in the minds of Jacksonville people the fact that SHANKEN'S handle only merchandise of the highest quality and the finest workmanship. In order to do this we are cutting prices to the minimum. Thus while we accomplish our end you have the opportunity to secure Spring Outfits at prices unequalled anywhere at this season of the year. We are featuring Spring coats, suits and dresses in all lines but one or two of a kind, giving you distinction. Don't forget our millinery department, the pride of our store. SHANKEN'S

MATRIMONIAL

Bermes-Burroughs.

The marriage of George Bermes and Miss Maurine Burroughs, both of Greenville, took place at 2:30 o'clock Tuesday afternoon. The ceremony was performed by Rev. C. D. Robertson at the Centenary parsonage and was witnessed by Mrs. Tom Peters, a sister-in-law of the bride. The bride and groom will make their home on a farm near Greenville.

GREAT MUSICAL PLAY

COMING THURSDAY

The advance sale of seats for the engagement of the Vanderbilt Producing Company's production of the fascinating idyl of the musical world, "Irene" at the Grand theatre on Thursday indicates that the organization will add another record to its already long list.

"Irene" which was written by James Montgomery, the lyrics and music being furnished by Joseph McCarthy and Harry Tierney, enjoyed a run of two whole years of unprecedented success in New York at the Vanderbilt theatre where it was originally produced, the receipts for the first fifty two weeks running upwards of nine hundred and forty thousand dollars; the company to be seen here has left in its train a list of house records almost unbelievable. Its sponsors are sending the company here with a production identical in detail to that employed in the metropolis, and a cast of players well known to all theatre goers.

DEATHS

Flynn. Mrs. Julia Flynn passed away at her home in Tallula Monday night. Funeral services will be held at the Catholic church in Tallula this morning and the remains will then be sent over the C. & A. to Jacksonville arriving here at 10:30 A. M. The body will be taken directly to Calvary cemetery where interment will be made.

Mrs. Flynn has a number of relatives in Jacksonville and as she has often visited here, has many friends in the city. She was a sister-in-law of Mrs. James Flynn of South West street.

Chapman.

The death of Charles F. Chapman occurred at his home, 666 South West street early Tuesday morning after an illness of two months. Decedent was born near Virginia, Illinois, November 12, 1868. Surviving him is his wife, five daughters and one son, besides a host of friends.

Brief funeral services will be held at the home, the Rev. Myron

L. Pontius officiating, at 1:45, when the body will be taken to Virginia where burial will be made in Walnut Ridge cemetery.

FUNERALS

Butcher. Funeral services for Miss Mary Z. Butcher were held from the residence of Mr. and Mrs. Harry Onken in Chapin at 10:15 o'clock Tuesday morning in charge of Dr. R. O. Post.

Two solos were given by Harry Onken. The flowers were cared for by Miss Amy Onken and Miss Winnifred Butcher.

The body was shipped to Galesburg for burial. The bearers were: E. Ward Joy, Harold Joy, T. H. Pratt, Lincoln Cowdin, Charles Cowdin and Truman Cowdin.

Monroe.

The funeral of Mrs. Sarah Monroe was held yesterday afternoon at 3 o'clock at the M. E. church in Concord. The services were in charge of Rev. C. S. Hilburn and interment was made in the Concord cemetery.

The bearers were John Yeck, Roy Crouch, George Johnson, John Kershaw, John Webb and E. M. Herman.

Engagement and Wedding Rings

The ring symbolic of the greatest event in the lives of men and women is the wedding ring—and, while the simple band of gold suffices, the circlet of diamonds imbedded in platinum is the culmination of a girl's dreams of "her" wedding ring.

The Solitaire is usually chosen for the engagement—however a cluster of diamonds exquisitely mounted in platinum is among the newer designs in engagement rings.

Did you ever try Grape-Nuts? with stewed prunes or peaches?

THERE isn't anything better for breakfast or lunch than a dish of Grape-Nuts, with cream or milk, and stewed prunes or peaches.

This delicious combination gives you the elements of a well-balanced food. For it contains not only the material needed to build tissue and furnish energy, but it also supplies fruit acids, that help keep the system in good order.

Go to your grocer today and order a package of delicious Grape-Nuts. You will find that it will digest more readily than most other cereals, and it will "stay by" you longer—because it's so richly nourishing.

MUCH INTEREST IS SHOWN IN RECITAL

Miss Alma Mehus Pianist and Miss Margarette Morris Violinist to Appear at Woman's College on Thursday Evening.

Much interest is centering on the recital by Miss Alma Mehus, pianist and Margarette Morris, violinist, which will take place at Music Hall Thursday evening, March 16th.

Among young players one often hears brilliant technique but the remarkable thing about these young artists is their tone quality and interpretative ability. "The Music News" (Chicago) said of Miss Morris: "Margarette Morris violinist, created considerable comment by her marvelous playing. Such tone work as hers is seldom heard in a young girl." An Athens, Georgia, comment reads as follows: "Miss Margarette Morris who gave several violin solos is a most charming addition to the musical contingent of Athens. She possesses an unusual talent for one so young and owns a deftness of fingers which brings from out a musical instrument a delightful and delicate expression of various moods." From the Atlanta, Ga., Constitution, the following is gleaned:

Musical Prodigy appeared at Eggleston Hall.

"The presence on this occasion of Miss Margarette Morris, the youthful musician, who charmed all her hearers upon her appearance in concert here a little over a year ago, will give a recital im-

mediately after the business meeting. Although only thirteen years of age, little Miss Morris has won distinction in her work in piano and violin. She was available for this occasion only by reason of her passing through Atlanta en route to her home in Athens, where her father, Professor Morris, holds the chair of science in the University of Georgia.

Those who have not heard Miss Mehus of Miss Morris on previous occasions have an unusual surprise in store for them. Those who heard Miss Mehus last year are unanimous in their praise of her and are anticipating this concert with pleasure.

LOCAL MAN BUILDS UP FINE BUSINESS

Matthew Duffy, watch maker and manufacturing jeweler expects to increase his factory by the cooperation of the community in advancing and permeating such an institution in our midst. Mr. Duffy is the first to undertake such a project in Jacksonville. Being a specialist and a very fine workman Mr. Duffy desires the assistance of home patrons. Mr. Duffy has been in Jacksonville eight years and is proud of his ability as a business man and as an artisan.

In talking to a friend the other day Mr. Duffy said he was getting the support of the people of Jacksonville and would be compelled to hire three or four watch makers and jewelers as he is running full capacity. He has the most complete up-to-date watch repairing and manufacturing establishment in Morgan county if not in the state.

OLD JACKSONVILLE
THE O. S. PRESBYTERIAN CHURCH

(BY ENSLEY MOORE)
Member Illinois State Historical Society

A sketch of the Reverend Andrew Todd, together with references to the history of the "Old School" Presbyterian church of this city, was published in the "O. J." contribution to the Journal of January 14th, 1915.

Mr. Todd was the earliest pastor of that organization.

Mr. B. F. Allen of North Prairie street, recently put an old record of the financial doings of that church in the hands of the "O. J." man. The ledger had been among other belongings of Mr. Allen's father, and he had not till lately thought of it as a matter of interest to present day Presbyterians and others.

The Church

was organized in June, 1827, as the Presbyterian church of Morgan county, but latter on changed the name to the Presbyterian church of Jacksonville.

In 1838 there was a division in the Presbyterian church in the United States, and the organization here was changed into two separate churches, the first adhering to the New School Assembly. Thereafter the New School Presbyterian church, and the other (Old School) was generally known as "The Old School" church; its legal and real name, however, being the Presbyterian church of Jacksonville, until 1870. In that year came a reunion of the Old and New School bodies in the Northern part of the United States, which is now known as the Presbyterian church in the United States of America. The Southern members of the Presbyterian church ceased to belong to the national organization, at the outbreak of our Civil War, and still has a different corporate name, being the Presbyterian church in the United States, leaving out the words "in America."

At the time of the re-union, in 1870, our "Old School" took the name of the Central Presbyterian Church of Jacksonville.

Ministers In Charge

Before the break in 1838, the pastors or stated supplies of the Old School church were the frame John Brich, S. S., John M. Ellis, P. A. H. Dushell, P.; R. W. Gridley, P., and after the division in 1838, they were Revs. Andrew Todd, P.; J. V. Dodge, P.; J. H. Brown, D. D. S. S.; Robert W. Allen, P.; R. J. L. Matthews, S. S., and W. W. Harsha, P. Mr. Harsha remaining such, after the reunion in 1870 down to the year 1884.

The Buildings

First occupied and owned by the Old School church were the frame one on West State, opposite where the Journal office is now, between the Square and West street. The lot was given by Col. John J. Hardin, and the house finished in 1840. This was occupied until 1871, when, under the leadership of Dr. W. W. Harsha, the new building, at the north west corner of State and Church streets, was enough completed to permit occupation of the basement part. In 1874, the building having been completed, it was dedicated as the Central church.

United Again

The Rev. Alexander B. Morey, D. D., became Dr. Harsha's successor, in 1884, and remained pastor until 1885, when the First and Central churches were united as the State Street church, entering the newly completed edifice at the northeast corner of State and Church streets.

It may be well to say, here, that the two bodies had dwelt together in unity from 1831 to 1838 in the small building of frame now standing back of the Baptist church. This little building at first stood where the Baptist church now is, fronting south, and was moved back to give place to the Central Presbyterian church.

It is further to be remarked that the Central church building was sold to the First Baptist society a few years after the union of the First and Central organizations, 1885. Meantime the Central building had been occupied by a newly organized body known as the Jacksonville Presbyterian church.

The Old Church Book

Reference to Mr. Allen's book, a record of the business part of the Old School church in 1849 and down to Feb. 20, 1855, shows many names more or less forgotten here now.

Among them are Miss Arnold, A. B. Baker, William Branson, William Bishop (he became a minister and college president in Kansas), George Baken, Doctor Nathaniel English (grandfather of Henry W. English here now), Mrs. Elliott, Mrs. Freeman Fry, Mrs. Graves, Mrs. Eliza Hall, (Dr.) Charles Hardin (long county or circuit clerk), Huey, Silvester Huey, John Holland, William Hall, John Henry (probably legislator and member of Congress), Jonathan Neely, Mrs. Nelthrop, Thomas and J. S. Officer, Henry Ousley, John Ousley, Robert Officer, Mrs. Posey, Mrs. Park, A. and W. Russel, Hiram Reeves, William Rogerson, James Roberts, A. Rowland, Doctor Russell, J. V. D. Stout ("Van" Stout's father), James Strawn, Stephen Sutton (circuit clerk), Mrs. Lucy Scott, Elliott Stevenson, Mrs. Mary Stevenson, William Stover, (kept drug store where Joseph Shreve is now), Matthew Stewart, (father of Mrs. C. Willis), George C. Scott, (dry goods dealer), N. M. Trotten, Taggart, Trentman, John Thompson (Mr. Storer's nephew), J. P. Vorhees, Thomas, Frances B. Harvey and Edward White, S. Wait (probably "Selah" Wait, teacher at D. and D. Inst.), J. H. Ward, D. Wight and Miss Wright. This was during Mr. Dodge's pastorate. Others named were Samuel Dunlap, Dr. Owen M.

We Emphasize Lodge Emblems

Haven't you noticed the great activity in Lodge circles recently, and does this not suggest just the article as a gift for—perhaps—

A relative or friend?

There it nothing a man appreciates more, as a gift from relative or friend, than a nice emblem of the order he has just joined, or of the order he may have been a member of for years.

We are showing a splendid line of emblems of all lodges, in Scarf Pins, Cuff Links and Watch Charms, most reasonably priced. Let us show them to you.

The Chiropractor Adjusts the Spine to Make You Well.
If you have any of the following ailments, consult a Chiropractor

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.
3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hicoughs, worms, etc.
7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

STOCK MARKET
SHOWS STRENGTH

By Associated Press.

NEW YORK, March 14.—The
prominence and strength of nu-
merous speculative issues and the
uneven movement of shares of in-
trinsic value prevailed the stock
exchange today.

Dealings approximated 900,000
but this compressive total was
made up largely of motors and
kindred accessories, sugars, in-
dependent steels, secondary equip-
ments and utilities, notably the
gas group.

Dividend paying rails and in-
dustrials of the same description
became fairly active and strong
later, especially transcontinentals
and coalers and several of the
eastern trunk lines.

Foremost among the backward
or heavy stocks were the foreign
oils, particularly petroleum, and
General Asphalt and several of
the food specialties. Market
Street Railways prior preferred
cancelled part of its recent steady
advance.

WELL KNOWN FRANKLIN RESIDENT PASSED AWAY

J. W. T. Stewart Died at Residence in That Place Early Tuesday Morning.

The death of Dr. John William Taylor Stewart, well known veterinarian of Franklin occurred at his home at 12:45 o'clock this morning. Dr. Stewart had been in ill health for the last year and a half but it was not until several days ago that his condition became serious.

The deceased was born on a farm three and one-half miles northeast of Franklin, April 3, 1851. He was the son of Ira Ewing and Elizabeth Brown Stewart. He made his home on this farm until about thirty years ago when he went to Franklin and began the practice of a veterinary surgeon.

On August 15th, 1880 Dr. Stewart was united in marriage to Miss Ella Jane Tandy and to this union were born the following children, who with Mrs. Stewart survive: Three daughters, Mrs. Iez Smith of Indianapolis; Mrs. Vera Deest of Franklin and Mrs. Hazel Snyder of Des Moines, Ia.; and one son, Truston Stewart of Franklin. He is also survived by several grandchildren and one sister Mrs. Ella Gray who resides northeast of Franklin.

Dr. Stewart was a prominent member of the Franklin Christian church. Dr. Stewart was the grandson of John Stewart who fought as an American soldier in the Revolutionary war.

Funeral services will be held at one o'clock Thursday afternoon at the Christian church in Franklin.

HIGH SCHOOL NOTES.
The moving picture at the High school was well attended last night and every one enjoyed the film. Marian Swayne played in "The Little Samaritan," a rural comedy drama which appealed to the audience. The weekly pictures at the school are very popular and if the audiences continue to be large it is hoped that at the end of the series of films the moving picture fund will be sufficient to purchase the machine for the school.

The following program has been announced for the Junior Senate to be held March 22nd:

Debate—Resolved that Congress should pass the Soldier's Bonus Bill.

Affirmative, Helen Dumas and Sheldon Nicol.

Negative, Hazel Becker and Dorothy Ogle.

Reading—Edith Ruyle.

Oration—Sarah Russell.

JOHN PATE

SUFFERS FRACTURED ANKLE
Bernard Meyers, aged 16, of Naples, was brought to Our Saviour's hospital Monday night suffering from a severe fracture of the right ankle. The boy was riding a road grader and stepped off as it went over the railroad track.

As the grader went over the track it hit a railroad tie causing it to fly up and in falling struck the lad's foot. He impact of the blow inflicted a fracture of both bones of the right leg at the ankle and it was necessary to bring the injured boy to Jacksonville where he was taken to Our Saviour's hospital and surgical attention given.

NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

WRITES OF TROPICAL SPRING TIME BEAUTY

Miss Mabel Goltra Tells Journal Readers of Beautiful Days in Florida.

The following letter was written to the Journal readers by Miss Mabel Goltra, who is spending the winter months at Fort Myers, Florida:

Fort Myers, March 7.

Dear Journal Readers:
We are having what seems like summer weather, so that we can scarcely realize there is ice and snow anywhere on the continent. No matter how warm it is there is always a gentle breeze from the gulf if one is on the right side of the house or street to notice it.

As I was walking the other day I noticed a peach tree in full bloom; also a plum tree as white with bloom as any I ever saw at home. The balmy air is laden now with the odor of orange blossoms for the trees are in bloom and will be for about two weeks. The mocking birds are very happy this time of year and they are here in large numbers. Their song is very sweet during the morning hours and we often hear them in the evening. Several painted buntings have been seen here in the orange trees.

Many tourists come down here who do not remain long enough to enjoy the most beautiful season of the year, the tropical springtime. It is not so wonderful in a way as our springtime at home for we have had summer time all winter, but it is very lovely.

Thomas Edison and Henry Ford are expected in about two weeks and every citizen is asked to have his home and surroundings looking its very best at that time.

Many people are beginning to think there is no climate in the state of Florida equal to Ft. Myers and we know there is no place that has the variety of tropical growth that Ft. Myers has.

Mr. McClure and party of fourteen are here again from Carlinville and are more pleased than ever.

Mrs. E. R. Haynes of Chicago, formerly Louise Fell, wrote to me from Miami while there at The Lincoln, on Miami Beach. She said the weather there was altogether too warm for comfort and although the hotel was very fine they were returning to Palm Beach to find cooler weather.

A few days ago a young lady came to me for instruction in basketry from the Kingfisher Yacht, an \$80,000 yacht owned by Mr. King of Winona, Minnesota. She invited me down and showed me all over the boat and I found aside from the beauty of it that they had every luxury one could have on land. Mr. King owns a beautiful home on Daytona Beach but remained here during the hunting season.

Katherine Thompson, who attended the Jacksonville Female Academy a number of years ago and made her home at Emerson Glover's on College street, is among the tourists here. Perhaps some of the older residents may remember her.

Mabel H. Goltra.

A Day of Specialists

An Optometrist is a specialist—this is the age of specialists. It is reasonable to presume that such delicate work as eye examination and eyeglass fitting is done best by a specialist. My work is confined to Optometry and my workshop engaged in only lens grinding and handling. My salesroom contains articles to meet every need of wearers of glasses. If you have never seen this shop—if you have eye trouble of any form, reflect an instant upon the value of specialization.

Our twelve years of experience in this business has given us certain information on anything in the automotive industry which is at your disposal.

The presence of a small amount of white of egg in Calumet makes it possible to continually guard the leavening strength of the World's biggest selling brand of baking powder. It makes it possible for representatives of the Company to test Calumet right in the dealers' stores.

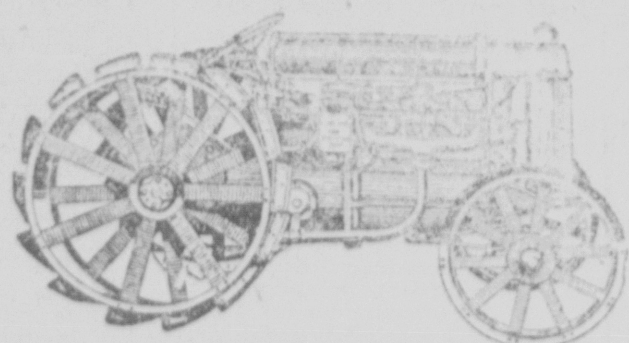

There is White of Egg in

Housewives can make this simple test themselves. Place two teaspoons of Calumet in an ordinary drinking glass—add the same amount of water; stir rapidly for a moment—just long enough to mix the powder and water; remove the spoon and watch the mixture rise. Notice how even and uniform the gas bubbles are—through the use of a small amount of white of egg, the escape of gas, which raises your bakings, is prevented.

This test of leavening strength cannot be made with baking powders that do not contain white of egg. Buy it—use it—be protected against baking powder that has lost its proper leavening strength. You save when you buy it—you save when you use it.

John H. Cain, Woodson, Ill.

The Fordson, as an all-around tractor, is the best tractor on the market. It is simple and easy to manage. The Fordson, in the long run will out work the big tractor, at half the expense. If used right, the Fordson tractor will out work eight horses and save more time and money than eight horses, and with the tools will do the work twice as well.

J. A. Cully, R. 5, Jacksonville, Ill.

I think the Fordson tractor is one of the most practical tractors on the market, for the average farmer, as it is light, quick, and powerful. You can plow closer to the fences than with horses. It is quick and handy for any number of jobs on the farm.

DRUGGISTS RECOMMEND Dr. A.W. Chase's Medicines

The druggist is the one family friend and adviser in whom most of us have implicit confidence. No druggist who values his reputation in his neighborhood will recommend a proprietary medicine unless he is absolutely sure it has real merit. It would be business suicide for him to sell and endorse an inferior article.

That's why we take great pride in presenting below the candid opinions of a few of the many thousands of druggists who are now selling and recommending Dr. A. W. Chase's Medicines:

The Vancouver Drug Co., Ltd., Victoria, B. C., writes:
"Dr. Chase's Medicines are always in demand, and there are many repeat orders. There is a reason—Dr. Chase's Medicines are reliable."

Mr. T. T. Beattie, Druggist, 462 Bronson Ave., Ottawa, Ont., writes:

"I always recommend Dr. Chase's Medicines with perfect confidence, as I receive continual evidence that they are splendid result-producers. In particular I have found Dr. Chase's Kidney and Liver Pills very efficacious. They are among the very best staple sellers and the handling of these goods is highly satisfactory."

Mr. Frank Hyde, Druggist, Woodstock, Ont., writes:
"Among our best selling proprietary medicines, Dr. Chase's have a foremost place. They are necessary in every drug store, so permanent is the demand for them."

Mr. A. P. Chown, Druggist, Kingston, Ont., writes:
"Dr. Chase's Medicines have for many years had a steady sale and we have always found them to be very reliable medicines."

Macartney's Drug Store, Stratford, Ont., writes:
"The demand for Dr. Chase's Medicines is very steady and in considerable proportion. Our investigation clearly shows that Dr. Chase's Medicines are recognized by the druggists and the people as staple sellers and reliable medicines."

Mr. Frank J. Hoag, Druggist, Kingston, Ont., writes:
"Having handled the Dr. Chase's line of family medicines for fully twenty-five years, I have no hesitancy in saying that we consider them among our best sellers, as well as most reliable family medicines."

Mr. A. E. DuBerge, Druggist, Sherbrooke, Que., writes:
"I have handled Dr. Chase's line of medicines for years, and I find that as proprietary medicines this line is one of the ones—if not THE one—that gives the most general satisfaction to my customers."

Mr. O. J. Gill, Druggist, Ingersoll, Ont., writes:
"Dr. Chase's Medicines have a steady sale with us the year round, and we have always found them to be very reliable medicines."

Mr. E. G. Moxon, Druggist, Toronto, N. S., writes:
"I have handled Dr. Chase's line of medicines for a considerable length of time. Dr. Chase's preparations have been one of our staple lines of medicines for years, and they are highly reliable and satisfactory. We consider them among the leading sellers and we aim to always keep them for sale."

Mr. C. A. McQuarrie, Druggist, Toronto, N. S., writes:
"We have handled Dr. Chase's Medicines for a considerable number of years, and find them one of the most satisfactory staple lines, and among the best sellers. They are easy to sell, and we feel they have made a sale of Dr. Chase's Medicines, we have gained a satisfied customer."

Mr. W. D. Mitchell, Druggist, Prince Albert, Sask., writes:
"Dr. Chase's Medicines have been a staple line of medicines for many years, and we have always found them to be very reliable medicines."
